# How Climate Change Affects Small Farmers' Health in Arkansas

University of Arkansas of Medical Science (UAMS) is looking for small Arkansas farmers to take a survey.

### What is the purpose of this survey?

The purpose of this survey is to learn about:

- The overall health of small farmers in Arkansas
- Farming practices
- What small farmers in Arkansas believe about our climate

#### Who can take the survey?

Small farmers in Arkansas can take the survey. You are a small farmer if your total gross farm income per year is under \$250,000.

### What can I expect if I take the survey?

If you take the survey, you need to know that it:

- Takes about 20 minutes to finish.
- Has 40 questions.
- Is available in English and Spanish.
- Is done online, on paper, or over the phone with study staff.

Once you finish and turn in the survey, your part in the study is over.

# Will you keep my personal information private?

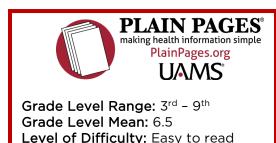

No one will be able to find out who you are from the information we collect. If you take the survey, you allow us to share your answers. We will only use your answers for research, but your personal information will stay private. If you take a paper survey, we will store it in a safe place. The UAMS Institutional Review Board (IRB) and other offices can review the information we collect. This is to make sure that the survey is done right.

# How will you protect my privacy?

The study staff will protect your privacy. Your answers are collected and stored in REDCap. REDCap is a secure database, and the data cannot be identified. Also, all the data is uploaded and kept in a UAMS box.com file. After the project, the data is kept for 7 years and later destroyed. This is UAMS policy.

# Do I have to take this survey?

No, you do not have to take this survey. You can choose to stop the survey at any time. Just tell the study staff if you change your mind. We will not use any answers you already shared.

### What will I get if I take this survey?

If you take the survey, you will get a \$20.00 gift card. To get the gift card, you must fill out a form with your contact information. This is separate from your survey answers and we will not share it with others.

### What are the risks of this survey?

The only risks of this survey include:

- The information you share might be made public (but not your personal information).
- You may not feel comfortable to answer the survey questions.

Who do I contact if I have questions?

If you have questions, call or email

Phone:

• Email:

If you have questions about how the study works, contact the UAMS Institutional Review Board (IRB) office.

Phone: 501-686-5667Email: irb@uams.edu

Southwest Center for Agricultural Health, Injury Prevention, and Education paid for this project.

Thank you for taking the survey.

<u>Part 1: About you</u> This part has questions about you. Put a check  $(\sqrt{})$  next to your answer. Fill in your answers or put a check  $(\sqrt{})$  next to your answer.

1.	What is your age?
	18 to 24 years old
	25 to 34 years old
	35 to 44 years old
	45 to 54 years old
	55 to 64 years old
	65 to 74 years old
	75 years or older
_	W
	What is your race?
	American Indian or Alaskan Native
Ш	Other:
3.	Are you of Hispanic, Latino, or of Spanish origin?
	Yes
	No
4.	What is your highest level of education?
	Some high school
	GED
	High school diploma
	3
	•
	3
	Doctoral degree
	Other:
5.	What is your yearly household income from all sources?
O. □	Less than \$10,000
	Less than \$20,000
	Less than \$35,000
	Less than \$50,000
	2000 π.α ψ00,000

	Less than \$100,000
	Less than \$150,000
	Less than \$200,000
	Less than \$250,000
	\$250,000 or more
6.	What is your political party?
<b>∪</b> .	Republican
	Democrat
	Libertarian
	Green
	None
	Other:
	<u> </u>
7.	What is your religion?
	Protestant
	Evangelical
	Catholic
	Mormon
	Jewish
	Muslim
	Buddhist
	Hindu
	Atheist
	Agnostic
	None
	Other:
8.	How do you identify yourself?
O.	Male
	Female
	Non-binary (do not identify as only male or female) Other:
	Prefer not to answer
ш	i icici not to answer

# Part 2: About your farm

This part has questions about your farm. Fill in your answers or put a check ( $\sqrt{\ }$ ) next to your answer.

9.	What is the total size of your farm (in acres)?
10	. In what county is your farm?
11	. How many years have you been a farmer?
	.How many people work on your farm? (not including you) 0 1 to 3 4 to 6 7 to 9 10 or more
	.What types of crops or livestock do you raise on your farm? Check all that apply. Cattle Chicken Corn Cotton Dairy Fruit Legumes Pigs Rice Sorghum Soybean Vegetables Wheat Other:
	.Do you sell what you raise on your farm? Yes No
	If you do not sell, what happens to what you raise on your farm? Keep for personal use Give away Barter (trade)

Breating Macke				
Ear plugs				
Gloves				
Hat				
Safety glasses				
Sun protection clothes				
Sunblock				
18. Mark how much you use each of Farming practice	Not at	Very	es in the table below	N. Always
	all	little	time	
Safety equipment				
Shift in plant dates				
Diversify into other crops				
Use of manure and compost				
Use of crop rotation				
Change the time of chemical inputs				
Change amounts of chemical inputs				
Reduce tillage				
Drip irrigation				
Use of cover crop				
Alternative protein sources				
Manage livestock on perennial				
and annual forages				
Installation of solar panels				
Vertical gardens				
Hydroponics				
t	•			

16. In the past 10 years, have you and your workers worked less hours on the farm

17. How often do you use personal protective equipment (PPE) when you farm? Put

Rarely

Sometimes

Often

**Always** 

Never

due to extreme weather events (such as heat waves)?

a check mark (✓) in the table under your answer.

☐ Yes☐ No

Type of PPE

Breathing Masks

**Boots** 

# Part 3: About your health

This part has questions about your heath. Fill in your answers or put a check ( $\sqrt{\ }$ ) next to your answer.

19. How is your overall health?  Excellent  Very good Good Fair Poor
20. In the past 30 days, how many days were you sick or injured? Write 0 if this does not apply to you.
21. In the past 30 days, how many days did you feel stressed or worried? Write 0 if this does not apply to you.
22. In past 30 days, how many days did you not do your daily activities because you felt sad or stressed? Write 0 if this does not apply to you.
23.Do you have health insurance?  ☐ Yes ☐ No
24. In the past 12 months, did you not see a doctor when you needed to because you could not afford it?  ☐ Yes ☐ No
25. How long has it been since your last checkup?  1 year 2 years 3 to 4 years 5 or more years
26.In the past 30 days, did you do any physical activity for your health (like run, stretch, hike, or walk)?  ☐ Yes ☐ No

27.Do you have high blood pressure?  ☐ Yes ☐ No			
28. If so, do you take medicine for your high blood pressu  ☐ Yes ☐ No ☐ Does not apply	re?		
29. Do you have high cholesterol?  ☐ Yes ☐ No			
30. If so, do you take medicine for your cholesterol?  ☐ Yes ☐ No ☐ Does not apply	bolow?	<sup>)</sup> Put a	check (√)
31. Have you had any of the health problems in the table	DEIOW !	ı ata	( )
next to your answer.	•	1	. ,
next to your answer.  Health problem	Yes	No	Not sure
next to your answer.  Health problem Angina (chest pain)	·	1	. ,

#### Part 4: Our Climate

This section is about our climate. Please read each statement and put a check mark  $(\checkmark)$  in the table below next to how much you agree.

40.I believe that	Strongly disagree	Disagree	Neither agree or disagree	Agree	Strongly agree
Our climate has changed. It is warmer.					
Weather (rain and temperatures) has changed					
in recent years.					
Drought, dust, and other unusual weather					
events are more common in recent years.					
Dry season in recent years comes sooner.					
People are responsible for the changes in our					
climate.					
Our changing climate will have a negative					
impact on farming in Arkansas.					
Our changing climate will cause soil to be less					
fertile.					
Diseases and pests will increase because of					
our changing climate					
Our changing climate affects how crops grow.					
Our changing climate will affect future					
generations, but it does not affect the current					
generation.					
Our changing climate impacts farmers.					
Our changing climate will affect my personal					
health.					
Our changing climate can put my life in danger.					
If I change my farm practices, I can protect my					
health from our changing climate.					
I cannot protect myself from harmful impacts of					
our changing climate.					
I have all the information to prepare for the					
impacts of our changing climate on my health.					
I can adapt to the risks and problems from our					
changing climate.					

Thank you for taking our survey and taking the time to provide your information. To receive your \$20 gift card, please click this link [insert link] which will take you to a new page for contact information. We will mail your gift card within 2 weeks of taking the survey.
